When Gulliver falls into the sea, some **English** sailors save him. He arrives home in England nine **months** later. He stays in England for a while and then he leaves again. This time, pirates attack his ship. They put Gulliver in a canoe **alone**. Gulliver finds a small island and then sees another island in the sky. The people on the island help him to go up to Laputa. The people of Laputa are **not very practical** and very interested in mathematics. After two months on the island, Gulliver **wants** to leave.

2 Lilliput is an island in the South Seas. The people are (1) SMALL Brobdingnag is an island near Lilliput. There is a channel between the two islands. The people on Brobdingnag are also very (2) SMALL

Another interesting place to visit is Laputa. This is a very (3) UNUSUAL island, it's not on the sea, it's in the sky. It flies over the island of Balnibarbi. The people on Laputa are very (4) DISTRACTED and the people on Balnibarbi are very (5) POOR It's a good idea to visit the academy on Balnibarbi, but take some money because the professors don't have any. They need it for their studies.

If you are travelling from Luggnagg to Japan, it's a good idea to visit the small Magical Island. If the king likes you, he will call ghosts of (6) FAMOUS people from the past. A very interesting experience. You could also meet *Immortals* in Luggnagg itself, but they aren't very (7) HAPPY people.

Finally, all travellers to the South Seas must visit the Land of the Houyhnhmns. The Houyhnhmns are very (8) KIND/PEACEFUL 9 KIND/PEACEFUL people. If you visit them, you won't want to leave.
