Post-listening

- 4 Now read these stories and guess what each person does or produces: Clothes (A), Bakery products and pastries (B), Pineapples (C).

- 1 Shima Akhter Mitu lives in Bangladesh. He learnt to cook and then borrowed 6,000 Taka (about 50 euros) from his bank. “*I spent all the money on an oven and on an egg beater. It's a huge oven.*”, he says. Shima keeps the oven in his home and he makes *singara* (vegetable pies) and other oven products.
- 2 Ndeye Guranup has a stall at Dakar market. She borrowed 150 euros from her bank. She is a brilliant seamstress. She buys material from the market, cuts it and sews it into beautiful designs which she then sells to shops. “*I am very happy because I can make good money and send my children to school.*”, she says. Ndeye has now opened her own shops and sells directly to the public.
- 3 Aminata Landisj is 30 years old and owns land in Brazil. She borrowed 75 euros from her bank and cultivated her land. She now sells her produce to the local market and to a large multinational company. “*I love working on my land and I am very happy to be working outdoors.*”, she explains. Aminata has now bought more land with a new loan from the bank. She works very hard and earns good money.
